Seattle, WA 98101

Ms. Brown:

Following is the Bimonthly Progress Report required by the 3008(h) Order for RFI activities completed at the Burlington Environmental Inc. Pier 91 Facility for the months of September and October 1994.

Description of Work Completed

- Water and product levels were measured in wells once each month.
- Received and validated third quarter 1994 groundwater monitoring data.
- Fourth quarter groundwater sampling was completed October 17-25.
- Received EPA approval of the Draft Interim Measures Workplan and began efforts in permitting, contractor selection, and funding approval.
- Received the final RFA report from EPA.
- Received comments on the 10/93 Draft RFI Report.

Summary of All Findings

- No significant findings occurred during this period.

Projected Work for Next Reporting Period

- Water and product levels will be measured monthly.
- Receipt and validation of fourth quarter 1994 groundwater monitoring data.
- Respond to EPA comments on the Draft RFI Report.
- Continue efforts to install Interim Measures product recovery system.

If you have any questions, please contact me at (206) 227-6121.

Respectfully,

John Stiller
Project Coordinator
